

## Secure, High-speed Wireless Service

### Don't have wireless capability on your laptop or PDA?

Most new laptops and PDAs come ready for wireless connections. If yours doesn't have wi-fi capability, simply buy a Network Interface Card (NIC). These cards plug into your laptop or PDA USB port.

### Easy as 1-2-3

#### To log on from your laptop:

1. Make sure you have a wireless chip or wireless card in your laptop
2. Click on the wireless icon  or  to ensure you're on the "Street Smart Connections" wireless service
3. Open your browser to log in (You will automatically be redirected to our login page.)

#### To log on at the kiosk:

1. Touch the enter key
2. View free Southpoint mall information by clicking on the information buttons to the right
3. Click the "Go" button and slide your credit card, debit card, or mall gift card to go online

## Internet & Wi-Fi access

Get connected.  
Stay connected.

- Check e-mail
- Surf the Internet
- Buy secure Wi-Fi time for your laptop

## Stay Connected...

You have secure "Street Smart" Internet convenience right at your fingertips

### The Speed you Need

Speed

If you need to check your e-mail, IM your friends, find information on the Web, or download your favorite media, try one of our Internet access kiosks conveniently located in the Food Court and at Customer Service. Just walk up and log on to get high-speed, secure access to anything you need online.

### Stay Secure

Secure

We use the latest technology so you can cruise along at blazing, commercial broadband speeds and stay connected. Enjoy a full-color, 17-inch LCD monitor with our fast connections and state-of-the-art kiosk equipment, or log on with your own laptop or PDA. Please visit our "free zone" for more information and tips on how you can stay safe and protected — even wirelessly.

### Freedom to Roam

On our network, you can access the Web at thousands of hotspot locations around the world. You are actually connecting to the world's fastest growing wi-fi network with all of the benefits of roaming. Now you can roam from location to location using your already assigned user name and password.

Enjoy the freedom!

Freedom
